

## INFECTION CONTROL

Ideal for OR's, ICU's, patient rooms, carts and retractable workstations, iKey's reliable medical products can be wiped down using any hospital disinfectant.

SlimKey-MD products are fully sealed and made from industrial silicone. The keypads feature low-profile surfaces for ease of cleaning and are autoclave safe. Additionally, the units are engineered to be extremely compact, making them an excellent space saving solution.

# SLIMKEY-MD™ MEDICAL KEYBOARDS
