Product Description

The EK-87-TP features an integrated, user-friendly touchpad built into a slim case. Because it is centered in the middle of the keyboard, the touchpad is ideal for both left- and right-handed users.

Sealed to IP67 standards to be resistant to dust and water, the EK-87-TP is completely protected against the elements, making it ideal for rugged and harsh environments. Its complete sealing also ensures it can be easily and efficiently disinfected to meet hygienic protocols.
